<p>The Gaithersburg Aquatic and Recreation Center has been a key element of the City’s “Parks, Recreation, and Open Space for the 21st Century” master plan, adopted by the Mayor &amp; Council in November of 1999.</p> <p>This project provides for the planning, design and construction of a new aquatic and recreation center. Because of its prime location along the Route 28 corridor, this facility will serve the growing western region of Gaithersburg to include not only city residents and schools, but also the many communities outside the city limits.</p> <p>The facility will feature a fitness/competition lap pool and a separate shallow water leisure/instructional pool. It will also include a large gymnasium, a health and exercise room, as well as all the required support spaces such as locker/shower rooms, lobby and administrative areas, and parking.</p> <p>The City purchased the land for \$3,200,000. To date, the City has appropriated an additional \$4,170,000 for design and construction.</p>
