

During the 2006 legislative session, the Maryland General Assembly evaluated over 220 bond bill requests totaling nearly \$140 million. The Senate and the House of Delegates each funded \$15 million in legislative projects; individual bond bills were not acted upon by the legislature. Instead, the General Assembly amended the State Capital Budget Bill (SB 370) to specifically list the projects selected for funding. The chart below indicates the status of those bond bills funded in 2006. The "Total" column on the right indicates the total amount of funding approved for each project.
