Supplemental Budget No. 2, Item 46

	<u>Amount</u>	
	<u>Reduction</u>	
1. Reduce funds for the installation of modular health services buildings at Cheltenham and the Hickey School. The proposed modular buildings are part of the proposed improvements at these two facilities related to a prior Civil Rights of Institutionalized Persons Act investigation of these two facilities and a subsequent agreement between the U.S. Department of Justice and the Department of Juvenile Services (DJS). The proposed funding of \$1 million is an estimate for site preparation and the purchase of modular buildings. The reduction is based on recent costs of site preparation at DJS facilities and savings from leasing rather than purchasing the buildings.	400,000	GF

V00D02.01
Department of Juvenile Services

Supplemental Budget No. 2, Item 47

	<u>Amount</u>	
	<u>Reduction</u>	
1. Delete funds for the rehabilitation and stabilization of three structures owned by the Department of Juvenile Services (DJS) adjacent to the Baltimore City Juvenile Justice Center (BCJJC). As requested by the legislature, DJS is in the process of preparing plans for the substantial expansion of educational space at BCJJC (this expansion is included in the Capital Improvement Program beginning in fiscal 2009). The expansion will result in the displacement of existing tenants at BCJJC. Since the rationale for the BCJJC was as a “one-stop shop” for youth in the juvenile justice system from that area, re-locating those displaced tenants as closely as possible to the current building needs to be considered. As such, DJS should evaluate what it wants to do with these adjacent structures in the context of developing that plan.	356,000	GF
