11. Description and Purpose of Project (3000 characters maximum)				
The purpose of the bill is to provide Capital funds for the reconstruction of the historic 151,000 square foot Duvall Wing of the Courthouse. The design of the original renovation was based around many structural issues that prevented achieving maximum efficiency for mechanical and lighting systems, prisoner security, and judicial safety. As a result of the fire, many of these obstacles no longer remain. This additional funding will enable the County to address these issues. Unfortunately, the insurance money will not cover the additional costs to make the Duvall Wing a state-of-the-art facility. The \$7 million would help with the reconstruction of this beautiful building.				
<i>Round all amounts to the nearest \$1,000. The totals in Items 11 (Estimated Capital Costs) and 12 (Proposed Funding Sources) must match. The proposed funding sources must not include the value of real property unless an equivalent value is shown under Estimated Capital Costs.</i>
