The City may also enter into appropriate agreements with any other political subdivision, agency or department of the State of Maryland or of the United States for the transfer to the City, with or without consideration, of any public property in the area or areas to be annexed and for the assumption by the City of the payment of any public indebtedness for which any such area or areas are primarily liable. a private sale is expressly authorized in the ordinance. The conveyance of the property shall be evidenced by a deed executed on behalf of the City by the mayor and a majority of the aldermen and the deed shall make express reference to the ordinance approving the sale by number and date of passage. The power conferred by this subsection applies to all property acquired by the City by gift, grant, purchase or condemnation, as well as all property acquired by and vested in the City by tax sales or otherwise. The ordinance shall expressly find that the property to be leased is not needed by the City for public use, or that the lease of the property will better serve the public need for which the property was acquired, or another public need. This finding, in either case, shall be conclusive. The lease shall make specific reference to the ordinance authorizing the same. The City Council, by ordinance, may authorize the mayor to negotiate such lease on the best terms obtainable, or may require that competitive bids for the right to lease any property shall be solicited by public advertisement in such form as the ordinance prescribes.

(6) To exercise all powers reasonable and necessary for the efficient management and operation of the water production and distribution system.

(7) To cause surveys, plans, specifications and estimates to be made with respect to all or part of the system, or with respect to any proposed extension or enlargement thereof.

Taxes shall be due and payable not later than the 30th day of September following enactment of the ordinance imposing the tax rate. The City Council may provide by ordinance consistent with this Charter and with the Constitution and laws of Maryland for the levying and collection, without limitation, upon all property of any kind within the present or future limits of the City, assessable for taxation, of ad valorem taxes in rate and amount sufficient to provide the City with the funds necessary to meet its obligations and appropriations for the fiscal year in which such taxes are levied, and to provide by such ordinance for the levying and collection of any special taxes which the City may be authorized to levy by law. As of the first day of January succeeding such annual tax levy, the tax levy shall become operative also upon all newly constructed real property within the City which has been at least ninety percent completed on the preceeding [preceding] December 1, and one-half of the annual tax rate so established shall be applied to the assessed valuation of such new property, and the tax shall be due and payable on February 1 immediately following. All funds levied and collected pursuant to this Section shall be credited in the same manner as provided by the annual budget for the current year. The City Council may also provide by ordinance for interest on the taxes in such manner and upon such terms as it may deem expedient.

Section 3.

The procedures set forth in this Section shall be followed in creating such districts.

(b) The City Council may levy ad valorem taxes on real and personal property situated in any such special taxing district at an annual rate sufficient for the purpose of defraying part or all of the cost of acquisition and development of public improvements located within the limits of such special taxing district. The City Council may exempt from the levy of the special tax hereby authorized, the following classes of properties:

- (1) Properties used for industrial purposes only.
- (2) Properties used for residential purposes only.

(c) The boundaries of all such special taxing districts shall be established by ordinance. At least fifteen days' notice in one or more newspapers of general circulation in Annapolis shall be given before the final passage of any such ordinance. The notice shall include a description of the boundaries of the special taxing district proposed and shall fix the time and place for a public hearing thereon.

(d) The special taxes authorized by this Section shall be levied and collected, have the same priority rights, bear the same interest and penalties and in every respect be treated in the same manner as property taxes levied by the City Council.

Section 6.

The City Council may provide by ordinance for inter-fund cash borrowings to meet temporary cash requirements and to permit reimbursement among funds for services rendered.

Section 7.

The City Council, whenever it seems expedient for the encouragement of the growth and development of manufacturers and manufacturing industry in the City, upon the application of any person or corporation actually engaged in the business of manufacturing in the City, may abate all taxes for any year which may hereafter be levied for City purposes by authority of the City Council, upon any mechanical tools or implements, whether worked by hand or steam, or other motive power or upon the machinery, manufacturing apparatus or engines owned by such industrial firm or corporation, and actually employed and used in the business of manufacturing in the City, and which would be properly subject to valuation and taxation in the City. Such abatement of taxes in any year shall be extended to all persons and corporations engaged in the City, in the branch or branches of manufacturing industry proposed to be benefited by the provisions of this Section and so abated by the City Council for such years. Application for such abatement in any year shall be made and verified to the satisfaction of the City Council, by the oath of the party applying for the abatement and other satisfactory evidence before the annual revision and correction of the tax list in such year, and not afterwards. A record, open to public inspection, shall be kept of all such abatements made [made] by the City Council, and, in each year, shall be published in one or more newspapers published in the City. This section shall not be construed to authorize any abatement of taxes levied upon property which is properly assessable and taxable as real estate, nor shall be construed to authorize any abatement of taxes, as provided in this section for a longer period of one year, for which such application is made.

Section 8.

(a) The City of Annapolis may borrow upon its faith and credit for a period not to exceed one year such sum or sums from time to time as may be deemed necessary to provide for the payment of any obligations of the City. (b) The city may issue notes to secure repayment of the sums borrowed. The notes shall be signed by the mayor and duly attested. The seal of the City shall be affixed to each note. The attached interest coupons, if any, shall be authenticated by the facsimile signature of the mayor printed, engraved or lithographed on each coupon. Each note shall be dated and shall mature and be payable not later than twelve months from the date of the note.

(c) Each note shall be and remain an obligation of the City of Annapolis issued upon the full faith and credit of the City. The note shall be issued and sold in such manner and upon such terms and conditions and shall bear such rate of interest as the City Council may determine, but the aggregate principal amount of the note at any time outstanding and unpaid shall not exceed three million dollars.

(d) For the purpose of repaying the sums borrowed, the notes issued in evidence thereof and the interest on the notes, the City Council shall levy a tax upon all the assessable property in the City in an amount sufficient to provide funds for the payment of all the sums when due and payable.

Section 9.

(b) The City shall issue no bonds pursuant to the foregoing authority if, by the issuance thereof, the total bonded indebtedness of the City incurred pursuant to such authority, less the amount of sinking funds established for the retirement thereof, would then exceed ten (10) per centum of the assessed value of all real and personal property in the City taxable for municipal purposes, but, in computing compliance with this limitation, there shall not be taken into account:

(i) Bonds or other indebtedness of the City issued pursuant to the authority of any public local law enacted by the General Assembly of Maryland prior to January 1, 1955, or pursuant to the authority of any public general law other than said Sections 31 to 39, inclusive, enacted at any time by the General Assembly of Maryland,

(ii) Tax anticipation notes issued pursuant to the authority of said Sections 31 to 39, inclusive,

(iv) Short-term obligations of the City issued pursuant to the authority of Sections 70 to 73, inclusive, of this Charter;

(c) The City Council, in its discretion, may submit the question of the issuance by it of bonds pursuant to the foregoing authority to a referendum of the registered voters of the City at a special election duly called and held for the purpose pursuant to the authority of, and in the manner prescribed by, the public local laws of Anne Arundel County and ordinances of the City applicable to the holding of special elections in the City, but the City Council shall not be required to submit any such issue of bonds to such a referendum unless, within ten (10) days after the passage of an ordinance or resolution authorizing any such issue of bonds, there is served upon the Mayor notice signed by not fewer than two hundred registered voters of the City advising that a petition for a referendum on such bond issue is being circulated by one or more of the persons signing the notice and unless, within twenty days after the delivery of such notice, there is filed with the Mayor a petition or petitions requesting the holding of such a referendum signed by not fewer than twenty-five per centum of the registered voters of the City. Each person signing the petition shall insert opposite his signature his residence address. Upon the filing of any such notice or petition, the Mayor shall promptly submit the same to the board of supervisors of elections of the City for the purpose of determining whether said notice or petition has been properly signed as herein provided and the decision of the board on that subject, which shall be made promptly, shall be final; and

(d) Any notes or bonds issued by the City may be sold at private sale without advertisement or publication or notice of sale or solicitation of competitive bids, if the ordinance or ordinances authorizing the issuance of such notes or bonds shall so provide.

The City may also borrow money in anticipation of the issuance of its bonds and evidence such borrowing by the issuance and sale of its bond anticipation notes, payable as to principal and interest from (i) the first proceeds of the bonds in anticipation of the sale of which such notes are issued or (ii) from the tax or other revenue which the City Council shall have previously determined to apply to the payment of such bonds and the interest thereon; provided, however, that twelve (12) months' interest on such notes, or any renewal thereof, may be paid from the proceeds of the sale of such notes. Section A1–105. Preparation and Approval of Plan for Urban Renewal Project.

(a) (1) The municipality, in order to carry out the purposes of this appendix, shall prepare or cause to be prepared an urban renewal plan for slum or blighted areas in the municipality, and shall formally approve such plan. Prior to its approval of an urban renewal project, the municipality shall submit such plan to the planning body of the municipality, for review and recommendations as its conformity with the master plan for the development of the municipality as a whole. The planning body shall submit its written recommendation with respect to the proposed urban renewal plan to the municipality within sixty days after receipt of the plan for review; upon receipt of the recommendations of the planning body or, if no recommendations are received within said sixty days, then without such recommendations, the municipality may proceed with a public hearing on the proposed urban renewal project. The municipality shall hold a public hearing on an urban renewal project after public notice thereof by publication in a newspaper having a general circulation within the corporate limits of the municipality. The notice shall describe the time, date, place and purpose of the hearing, shall generally identify the urban renewal area covered by the plan, and shall outline the general scope of the urban renewal project under consideration. Following such hearing, the municipality may approve an urban renewal project and the plan therefor if it finds that: (1) a feasible method exists for the location of any families who will be displaced from the urban renewal area in decent, safe and sanitary dwelling accommodations within their means and without undue hardship to such families; (2) the urban renewal plan substantially conforms to the master plan of

the municipality as a whole; and (3) the urban renewal plan will afford maximum opportunity, consistent with the sound needs of the municipality as a whole, for the rehabilitation or redevelopment of the urban renewal area by private enterprise.

(2) No original urban renewal plan shall take effect until thirty days after the completion of the procedure set forth in Section A1-105(a)(1) of this appendix. If during such thirty day period a petition is presented to the mayor and aldermen signed by ten percent of the qualified voters of the City of Annapolis requesting a referendum of the original urban renewal plan, then it shall be the duty of the mayor and aldermen to submit the plan, for approval or rejection, to the qualified voters of said city. The mayor and aldermen shall have the power to call a special election for such purpose of [to] submit the same to the qualified voters at a general election provided in either event that the question be so submitted within six months of the expiration of the aforesaid thirty day period. The mayor and aldermen are further empowered to do all things necessary in connection with said election, including but not limited to, fixing the time the polls shall be open, designating officials, providing ballots and all other things necessary or proper for the conduct of the election. Any original urban renewal plan so subjected to referendum shall take effect upon receiving a majority of votes cast at the election as aforesaid and not otherwise. The hours of opening and closing the polls at any election held under this provision shall be the same as the hours for polling places at primary and general elections in Anne Arundel County.

(b) An urban renewal plan may be modified at any time, provided that if modified after the lease or sale of real property in the urban renewal project area, the modification may be conditioned upon such approval of the owner, lessee or successor in interest as the municipality may deem advisable and in any event shall be subject to such rights at law or in equity as a lessee or purchaser, or his successor or successors in interest, may be entitled to assert. Where the proposed modification will substantially change the urban renewal plan as previously approved by the municipality, the modification shall be formally approved by the municipality, as in the case of an original plan.

(c) Upon the approval by the municipality of an urban renewal plan or of any modification thereof, such plan or modification shall be deemed to be in full force and effect for the respective urban renewal area and the municipality may then cause such plan or modification to be carried out in accordance with its terms.

Section A1-106. Disposal of Property in Urban Renewal Area.

(a) The municipality may sell, lease or otherwise transfer real property or any interest therein acquired for it by an urban renewal project, for residential, recreational, commercial, industrial, educational or other uses or for public use, or may retain such property or interest for public use, in accordance with the urban renewal plan, subject to such covenants, conditions and restrictions, including covenants running with the land, as it may deem to be necessary or desirable to assist in preventing the development or spread of future slums or blighted area or to otherwise carry out the purposes of this appendix. The purchasers or lessees and their successors and assigns shall be obligated to devote such real property only to the uses specified in the urban renewal plan, and may be obligated to comply with such other requirements as the municipality

may determine to be in the public interest, including the obligation to begin within a reasonable time any improvements on such real property required by the urban renewal plan. Such real property or interest shall be sold, leased, otherwise transferred, or retained at not less than its fair value for uses in accordance with the urban renewal plan. In determining the fair value of real property for uses in accordance with the urban renewal plan, the municipality shall take into account and give consideration to the uses provided in such plan; the restrictions upon, and the covenants, conditions and obligations assumed by the purchaser or lessee or by the municipality retaining the property; and the objectives of such plan for the prevention of the recurrence of slum or blighted areas. The municipality in any instrument of conveyance to a private purchaser or lessee may provide that such purchaser or lessee shall be without power to sell, lease or otherwise transfer the real property without the prior written consent of the municipality until he has completed the construction of any or all improvements which he has obligated himself to construct thereon. Real property acquired by the municipality which, in accordance with the provisions of the urban renewal plan, is to be transferred, shall be transferred as rapidly as feasible in the public interest consistent with the carrying out of the provisions of the urban renewal plan. Any contract for such transfer and the urban renewal plan (or such part or parts of such contract or plan as the municipality may determine) may be recorded in the Land Records of the county in which the municipality is situated in such manner as to afford actual or constructive notice thereof.

(b) The municipality may dispose of real property in an urban renewal area to private persons only under such reasonable competitive bidding procedures as it shall prescribe or as hereinafter provided in this subsection. The municipality may, by public notice by publication in a newspaper having a general circulation in the community (not less than sixty days prior to the execution of any contract to sell, lease or otherwise transfer real property and prior to the delivery of any instrument of conveyance with respect thereto under the provisions of this section) invite proposals from and make available all pertinent information to private redevelopers or any persons interested in undertaking to redevelop or rehabilitate an urban renewal area, or any part thereof. Such notice shall identify the area, or portion thereof, and shall state that proposals shall be made by those interested within a specified period of not less than sixty days after the first date of publication of said notice, and that such further information as is available may be obtained at such office as shall be designated in said notice. The municipality shall consider all such redevelopment or rehabilitation proposals and the financial and legal ability of the persons making such proposals to carry them out, and may negotiate with any persons for proposals for the purchase, lease or other transfer of any real property acquired by the municipality in the urban renewal area. The municipality may accept such proposal as it deems to be in the public interest and in furtherance of the purposes of this appendix. Thereafter, the municipality may execute and deliver contracts, deeds, leases and other instruments and take all steps necessary to effectuate such transfers.

(c) The municipality may temporarily operate and maintain real property acquired by it in an urban renewal area for or in connection with an urban renewal project pending the disposition of the property as authorized in this appendix, without regard to the provisions of sub-section (a) above, for such uses and purposes as may be deemed desirable even though not in conformity with the urban renewal plan.

(d) Any instrument executed by the municipality and purporting to convey any right, title or interest in any property under this appendix shall be conclusively presumed to have been executed in compliance with the provisions of this appendix insofar as title or other interest of any bona fide purchaser, lessees or transferees of such property is concerned.

Section A1-107. Eminent Domain.

Condemnation of land or property under the provisions of this appendix shall be in accordance with the procedure provided in the Real Property Article of the Code.

Section A1-108. Encouragement of Private Enterprise.

The municipality, to the greatest extent it determines to be feasible in carrying out the provisions of this appendix, shall afford maximum opportunity, consistent with the sound needs of the municipality as a whole, to the rehabilitation or redevelopment of any urban renewal area by private enterprise. The municipality shall give consideration to this objective in exercising its powers under this appendix.

Section A1-109. General Obligation Bonds.

For the purpose of financing and carrying out of an urban renewal project and related activities, the municipality upon a two-thirds vote of the mayor and aldermen may issue and sell its general obligation bonds. Any bonds issued by the municipality pursuant to this section shall be issued in the manner and within the limitations prescribed by applicable law for the issuance and authorizations of general obligation bonds by such municipality, and also within such limitations as shall be determined by said municipality.

Section A1-110. Revenue Bonds.

(a) In addition to the authority conferred by Section A1-109 of this appendix, the municipality shall have the power to issue revenue bonds to finance the undertaking of any urban renewal project and related activities, and shall also have power to issue refunding bonds for the payment or retirement of such bonds previously issued by it. Such bonds shall be made payable, as to both principal and interest, solely from the income, proceeds, revenues, and funds of the municipality derived from or held in connection with its undertaking and carrying out of urban renewal projects under this appendix; provided, however, that payment of such bonds, both as to principal and interest, may be further secured by a pledge of any loan, grant or contribution from the Federal Government or other source, in aid of any urban renewal projects of the municipality under this appendix, and by a mortgage of any such urban renewal projects, or any part thereof, title to which is in the municipality. In addition, the municipality may enter into an Indenture of Trust with any private banking institution of this State having trust powers and may make in such indenture of trust such covenants and commitments as may be required by any purchaser for the adequate security of said bonds.

(b) Bonds issued under this section shall not constitute an indebtedness within the meaning of any constitutional or statutory debt limitation or restriction, shall not be subject to the

provisions of any other law or charter relating to the authorization, issuance or sale of bonds, and are hereby specifically exempted from the restrictions contained in Sections 9, 10 and 11 of Article 31 of the Annotated Code of Maryland (1957 Edition, as amended). Bonds issued under the provisions of this Article are declared to be issued for an essential public and governmental purpose and, together with interest thereon and income therefrom, shall be exempted from all taxes.

(c) Bonds issued under this section shall be authorized by resolution or ordinance of the legislative body of the municipality and may be issued in one or more series and shall bear such date or dates, shall mature at such time or times, bear interest at such rate or rates, not exceeding six per centum per annum, be in such denomination or denominations, be in such form either with or without coupon or registered, carry such conversion or registration privileges, have such rank or priority, be executed in such manner, be payable in such medium or payment, at such place or places, and be subject to such terms of redemption (with or without premium), be secured in such manner, and have such other characteristics, as may be provided by such resolution or trust indenture or mortgage issued pursuant thereto.

(d) Such bonds may be sold at not less than par at public sales held after notice published prior to such sale in a newspaper having a general circulation in the area in which the municipality is located and in such other medium of publication as the municipality may determine or may be exchanged for other bonds on the basis of par; provided, that such bonds may be sold to the Federal Government at private sale at not less than par, and, in the event less than all of the authorized principal amount of such bonds is sold to the Federal Government, the balance may be sold at private sale at not less than par at an interest cost to the municipality of not to exceed the interest cost to the municipality of the portion of the bonds sold to the Federal Government.

(e) In case any of the public officials of the municipality whose signatures appear on any bonds or coupons issued under this appendix shall cease to be such officials before the delivery of such bond or, in the event any such officials shall have become such after the date of issue thereof, said bonds shall nevertheless be valid and binding obligations of said municipality in accordance with their terms. Any provisions of any law to the contrary notwithstanding, any bonds issued pursuant to this appendix shall be fully negotiable.

(f) In any suit, action or proceeding involving the validity or enforceability of any bond issued under the appendix or the security therefor, any such bond reciting in substance that it has been issued by the municipality in connection with an urban renewal project, as herein defined, shall be conclusively deemed to have been issued for such purpose and such project shall be conclusively deemed to have been planned, located and carried out in accordance with the provisions of this appendix.

(g) All banks, trust companies, bankers, savings banks and institutions, building and loan associations, savings and loan associations, investment companies and other persons carrying on a banking or investment business; all insurance companies, insurance associations, and other persons carrying on an insurance business; and all executors, administrators, curators, trustees, and other fiduciaries, may legally invest any sinking funds, monies, or other funds

belonging to them or within their control in any bonds or other obligations issued by the municipality pursuant to this appendix, provided that such bonds and other obligations shall be secured by an agreement between the issuer and the Federal Government in which the issuer agrees to borrow from the Federal Government [Government] and the Federal Government agrees to lend to the issuer, prior to the maturity of such bonds or other obligations, monies in an amount which (together with any other monies irrevocably committed to the payment of principal and interest on such bonds or other obligations) will suffice to pay the principal of such bonds or other obligations with interest to maturity thereon, which monies under the terms of said agreement are required to be used for the purpose of paying the principal of and the interest on such bonds or other obligations at their maturity. Such bonds and other obligations shall be authorized security for all public deposits. It is the purpose of this section to authorize any persons, political subdivisions and officers, public or private, to use any funds owned or controlled by them for the purchase of any such bonds or other obligations. Nothing contained in this section with regard to legal investments shall be construed as relieving any person of any duty of exercising reasonable care in selecting securities.

Section A1-111. Separability.

If any provision of this appendix, or the application thereof to any person or circumstances, is held invalid, the remainder of the appendix and the application of such provision to persons or circumstances other than those as to which it is held invalid, shall not be affected thereby. The powers conferred by this appendix shall be in addition and supplemental to the powers conferred by any other law.

This Act shall be known and may be cited as the Annapolis Urban Renewal Authority for Slum Clearance Act.
