Following the hearing, the Board of Commissioners, in their discretion, may vote to proceed with the project and may levy the special assessment.

All the powers of the Town shall be exercised in the manner prescribed by this Charter, or if the manner be not prescribed by Charter, then in such manner as may be prescribed by ordinance. (Res. Budget

Section 701. Fiscal Year.

The fiscal year of the Town shall begin on the first day of July and shall end on the last day of June in each year. Such fiscal year shall constitute the tax year, the budget year, and the accounting year.

Section 702. The Budget.

a. *Budget Submitted.*

The Town Administrator, on such date as the Board of Commissioners shall determine, but by at least the first meeting in April, shall submit a budget to the Board of Commissioners. The budget shall provide a complete financial plan for that fiscal year and shall contain estimates of anticipated revenues from sources other than taxes to be levied on real and personal property, an estimate of the assessable value of real and personal property subject to taxation by the Town and a tentative tax rate so computed thereon that the total revenue from all sources, other than

special assessments, shall be equal to the total of the proposed expenditures other than expenditures to be recovered by special assessments.

b. *Tentative Budget.*

The Board of Commissioners may insert new budget items, delete items, and increase or decrease the items of the budget so presented. The Board of Commissioners shall then adopt a tentative budget which shall be adopted no later than the second Town meeting in April. The tentative budget shall be a public record of the office of the Director of Finance, open to public inspection by any resident or taxpayer of the Town of Bel Air during normal business hours.

c. *Hearings.*

Before adopting the final budget, the Board of Commissioners shall hold a public hearing on the tentative budget between the fifteenth (15th) and thirty-first (31st) day of May after two weeks notice thereof has been published in some newspaper or newspapers with a general circulation within the Town.

d. *Final Budget.*

After the public hearing, the Board of Commissioners may insert new items or may increase or decrease or delete any item of the budget. Where the Board shall increase the total proposed expenditures, it shall also increase the total anticipated revenue in an amount at least equal to such proposed expenditures other than expenditures to be recovered by special assessments.

The final budget for each fiscal year shall be prepared and adopted in the form of a budget resolution on or before the first day of June to become effective on the first day of July of such fiscal year. The favorable vote of at least a majority of the Board shall be necessary for the adoption of the final budget.

e. *Special Assessment Budget Item for Cost of Construction and Improvements.*

At the time the Town Administrator is required to submit a budget to the Board of Commissioners, the Town Administrator shall also submit to the Board of Commissioners as a separate budget item a complete estimate of the cost of construction and improvements proposed for the budget year for which a special assessment can legally be levied and the estimated receipts from special assessments. In such budget items anticipated receipts shall be first applied to amortization of indebtedness incurred for construction and improvements made under this item in previous budgets and then anticipated receipt [receipts] remaining shall be applied to the estimated cost of construction and improvements to be made under this item in the proposed budget. Any deficit shall be met by borrowing as follows: by loan from an amount appropriated in the general section of the budget with interest at a rate to be determined by the Board of Commissioners but not to exceed eight per centum (8%) per annum on the unpaid balance, or by a loan made on certificates of indebtedness, or bonds issued on the full faith and credit of the Town of Bel Air.

The Town of Bel Air may issue certificates of indebtedness or bonds issued on the full faith and credit of the Town of Bel Air from time to time to provide working capital under the special assessment budget item.

All costs of any construction or improvements (including interest on any sums borrowed from whatever source) provided for by the special assessment budget item shall be covered by a special assessment levied against the property thereby affected at a rate sufficient to repay the costs over such period as the Board of Commissioners may elect, not however to exceed ten (10) years.

Section 703. Appropriations Required.

No public money may be expended without having been appropriated by the Board of Commissioners. From the effective date of the budget, the several amounts stated therein as proposed expenditures shall become appropriated to the several objects and purposes named therein.

Section 705. Excess Expenditures.

No officer or employee shall during any budget year expend or contract to expend any money or incur any liability or enter into any contract which by its terms involved the expenditure of money for any purchase, in excess of the amounts appropriated for or transferred to that general classification of expenditure pursuant to this Charter. Any contract, verbal or written, made in violation of the Charter of Bel Air shall be null and void. Nothing in this Section contained, however, shall prevent the making of a contract or the spending of money for capital improvements to be financed in whole or in part by the issuance of bonds, nor the making of contracts of lease or for services for a period exceeding the budget year in which such contract is made, when such contract or spending is permitted by law.

Section 706. Lapsed Appropriations.

All appropriations shall lapse at the end of the budget year to the extent that they shall not have been expended or lawfully encumbered. Any unexpended and unencumbered funds shall be considered a surplus at the end of the budget year and all or part thereof may be included among the anticipated revenues for the next succeeding budget year or retained as a contingent fund, at the discretion of the Board of Commissioners.

ARTICLE VIII Taxation

Section 801. Taxes.

The taxable basis for the Town of Bel Air for the purpose of levying of Town Taxes shall be the same as the basis for state and county taxes on all real property and all tangible personal property within the corporate limits of the Town. On all Town taxes the Board of Commissioners may allow such discounts for payments made prior to October 1 in each year, and may impose and collect after October 1 in each year such penalties for failure to make payment by or after that day as prior to the date of finality may have been fixed by their resolution. The Director of Finance shall extend the initial discount for a period of thirty (30) days after the preparation of the tax bills by the Finance Department when the preparation of tax bills for taxes levied or assessments made by the assessment officials of Harford County has been delayed because of the unavailability of assessment information from said assessment officials and when the delay in preparation of such tax bills has not been occasioned by the misfeasance or malfeasance of the Board of Commissioners, officers, or employees of the Town of Bel Air. The Director of Finance shall prepare tax bills on such delayed assessment information within fifteen (15) days after such information is available. Taxes levied upon assessments made by the Maryland Department of Assessments and Taxation shall be due and payable as provided by laws of Maryland and shall bear interest as therein provided and shall not be subject to the discounts and penalties hereinbefore provided in this section in the case of taxes levied on assessments made by the assessment officials of Harford County. All property within the corporate limits of said Town shall be exempt from taxation by Harford County for public road and bridge purposes.

Section 802. Notice of Tax Levy.

The Director of Finance shall, as soon as the annual levy is made, give notice thereof by advertisement in one or more newspapers published in the Town of Bel Air, stating the discounts allowed and the date from which taxes bear interest and warning taxpayers of their liability to be published as delinquents and to have their property sold if taxes are not paid as required by law. The Director of Finance shall also immediately make out the bill of each taxpayer upon which a similar notice shall be printed, and shall forward said bill to the taxpayer if the said taxpayer's address is known.

Section 803. Date of Payment and Overdue Payment of Taxes.

Real Property Taxes/Annual. The taxes provided for in Section 801 of this Charter shall be due and payable on the first day of July in the year for which they are levied and shall be overdue and in arrears on the first day of the following October. Real Property Taxes/Semiannual. The taxes provided for in Section 801 of this Charter shall be due and payable on the first day of July and the first day of January in the year for which they are levied and shall be overdue and in arrears at the rate prescribed by State law. The second semiannual payment will reflect a service charge, which the law allows the Town to impose, for

administering the semiannual payment plan. The service charge is designed to cover any interest lost by the Town as well as administrative costs. The service charge percentage shall be adopted by the Town as part of adoption of the property tax rate.

Personal Property Taxes. The personal property taxes provided for in Section 801 of this Charter shall be due and payable thirty (30) days after the date they are billed. All taxes not paid within ninety (90) days of the date they are billed shall be overdue and in arrears. They shall bear interest while in arrears at the rate prescribed by State law until paid.

Section 804. Report of Tax Collections.

By the 15th day of each month, the Director of Finance shall prepare a report of revenues and expenditures for the preceding month. This report should include information which will indicate for each budget line item: the budgeted amount, the year to date actual receipts and expenditures and the difference between the two.

Section 805. Sale of Tax Delinquent Property.

Taxes shall become delinquent on the first day of April in the next preceding calendar year nine (9) months after they have been levied. A list of all property on which the Town taxes have not been paid and which are in arrears as provided by Section 801 of the Charter shall be turned over by the Director of Finance to the official of the County responsible for the sale of tax delinquent property as provided in State law on the first Monday in April of each year. All property listed thereon shall, if necessary, be sold for taxes by the County official or by the Director of Finance of Bel Air in the manner prescribed by State law. If the county tax collector has not instituted procedures as prescribed by the laws of Maryland within thirty (30) days of receipt of said list or [of] properties the Director of Finance of Bel Air shall institute said procedures immediately so that tax sale might be had under the provisions of said laws of Maryland on the third (3rd) Monday in June at such time and place as may be fixed by resolution of the Board of Commissioners.

Section 806. Tax Credit for Bel Air Volunteer Fire Company, Inc. Members.

For the fiscal year beginning on July 1, 2001, and for each fiscal year thereafter, each member of the Bel Air Volunteer Fire Company, Inc., (the "fire company") who owns and occupies, as a principal residence, a property within the Town limits, shall be given a tax credit computed on the first five thousand dollars (\$5,000) of the assessed value of that principal residence, as certified by the Maryland State Department of Assessments and Taxation. Each qualifying member shall be certified to the Director of Finance by the Secretary of the fire company as a bona fide and active member thereof. Such credit shall in no way deprive said bona fide and active member of the fire company from the right of franchise in Town elections, provided said member has all the other requirements to be a qualified voter. (Res. No. 106-01, 11-6-01.)

ARTICLE IX

To carry out this purpose the Board of Commissioners may ratify such rules and regulations governing the operation of a merit system as proposed and recommended by the Town Administrator. Among other things these rules and regulations may provide for competitive examinations, the use of eligible lists, a classification plan, a

In the event said legislative body makes such determination, it shall proceed by ordinance to establish a public body or agency to undertake in the municipality the activities authorized by this appendix. Such ordinance shall include provisions establishing the number of members of such public body or agency, the manner of their appointment and removal, the terms of said members and their compensation. The ordinance may include such additional provisions relating to the organization of said public body or agency as may be necessary. In the event the legislative body enacts such an ordinance, all of the powers by this appendix granted to the municipality shall, from the effective date of said ordinance, be vested in the public body or agency thereby established, except:

(1) The power to pass a resolution to initiate an urban renewal project pursuant to Section A1-104 of this appendix.

Section A1-105. Preparation and Approval of Plan for Urban Renewal Project.

(a) The municipality, in order to carry out the purposes of this appendix, shall prepare or cause to be prepared an urban renewal plan for slum or blighted areas in the municipality, and shall formally approve such plan. Prior to its approval of an urban renewal project, the municipality shall submit such plan to the planning body of the municipality, for review and recommendations as to its conformity with the master plan for the development of the municipality as a whole. The planning body shall submit its written recommendation with respect to the proposed urban renewal plan to the municipality within sixty days after receipt of the plan for review; upon receipt of the recommendations of the planning body or, if no recommendations are received within said sixty days, then without such recommendations, the municipality may proceed with a public hearing on the proposed urban renewal project. The municipality shall hold a public hearing on an urban renewal project after public notice thereof by publication in a newspaper having a general circulation within the corporate limits of the municipality. The notice shall describe the time, date, place and purpose of the hearing, shall generally identify the urban renewal area covered by the plan, and shall outline the general scope of the urban renewal project under consideration. Following such hearing, the municipality may approve an urban renewal project and the plan therefor if it finds that: (1) a feasible method exists for the location of any families who will be displaced from the urban renewal area in decent, safe and sanitary dwelling accommodations within their means and without undue hardship to such families; (2) the urban renewal plan substantially conforms to the master plan of the municipality as a whole; and (3) the urban renewal plan will afford maximum opportunity, consistent with the sound needs of the municipality as a whole, for the rehabilitation or redevelopment of the urban renewal area by private enterprise.

(b) An urban renewal plan may be modified at any time, provided that if modified after the lease or sale of real property in the urban renewal project area, the modification may be conditioned upon such approval of the owner, lessee or successor in interest as the municipality may deem advisable and in any event shall be subject to such rights at law or in equity as a lessee or purchaser, or his successor or successors in interest, may be entitled to assert. Where the proposed modification will substantially change the urban renewal plan as previously approved by the municipality, the modification shall be formally approved by the municipality as in the case of an original plan.

(c) Upon the approval by the municipality of an urban renewal plan or of any modification thereof, such plan or modification shall be deemed to be in full force and effect for the respective urban renewal area and the municipality may then cause such plan or modification to be carried out in accordance with its terms.

Section A1-106. Disposal of Property in Urban Renewal Area.

(a) The municipality may sell, lease or otherwise transfer real property or any interest therein acquired for it by an urban renewal project, for residential, recreational, commercial, industrial, educational or other uses or for public use, or may retain such property or interest for public use, in accordance with the urban renewal plan, subject to such covenants, conditions and restrictions, including covenants running with the land, as it may deem to be necessary or desirable to assist in preventing the development or spread of future slums or blighted area or to otherwise carry out the purposes of this appendix. The purchasers or lessees and their successors and assigns shall be obligated to devote such real property only to the uses specified in the urban renewal plan, and may be obligated to comply with such other requirements as the municipality may determine to be in the public interest, including the obligation to begin within a reasonable time any improvements on such real property required by the urban renewal plan. Such real property or interest shall be sold, leased, otherwise transferred, or retained at not less than its fair value for uses in accordance with the urban renewal plan. In determining the fair value of real property for uses in accordance with the urban renewal plan, the municipality shall take into account and give consideration to the uses provided in such plan; the restrictions upon, and the covenants, conditions and obligations assumed by the purchaser or lessee or by the municipality retaining the property; and the objectives of such plan for the prevention of the recurrence of slum or blighted areas. The municipality in any instrument of conveyance to a private purchaser or lessee may provide that such purchaser or lessee shall be without power to sell, lease or otherwise transfer the real property without the prior written consent of the municipality until he has completed the construction of any or all improvements which he has obligated himself to construct thereon. Real property acquired by the municipality which, in accordance with the provisions of the urban renewal plan, is to be transferred, shall be transferred as rapidly as feasible in the public interest consistent with the carrying out of the provisions of the urban renewal plan. Any contract for such transfer and the urban renewal plan (or such part or parts of such contract or plan as the municipality may determine) may be recorded in the Land Records of the county in which the municipality is situated in such manner as to afford actual or constructive notice thereof.

(b) The municipality may dispose of real property in an urban renewal area to private persons only under such reasonable competitive bidding procedures as it shall prescribe or as hereinafter provided in this appendix. The municipality may, by public notice by publication in a newspaper having a general circulation in the community (not less than sixty days prior to the execution of any contract to sell, lease or otherwise transfer real property and prior to the delivery of any instrument of conveyance with respect thereto under the provisions of this section) invite proposals from and make available all pertinent information to private redevelopers or any persons interested in undertaking to redevelop or rehabilitate an urban renewal area, or any part thereof. Such notice shall identify the area, or portion thereof, and shall

state that proposals shall be made by those interested within a specified period of not less than sixty days after the first day of publication of said notice, and that such further information as is available may be obtained at such office as shall be designated in said notice. The municipality shall consider all such redevelopment or rehabilitation proposals and the financial and legal ability of the persons making such proposal to carry them out, and may negotiate with any persons for proposals for the purchase, lease or other transfer of any real property acquired by the municipality in the urban renewal area. The municipality may accept such proposal as it deems to be in the public interest and in furtherance of the purposes of this appendix. Thereafter, the municipality may execute and deliver contracts, deeds, leases and other instruments and take all steps necessary to effectuate such transfers.

(c) The municipality may temporarily operate and maintain real property acquired by it in an urban renewal area for or in connection with an urban renewal project pending the disposition of the property as authorized in this appendix, without regard to the provisions of sub-section (a) above, for such uses and purposes as may be deemed desirable even though not in conformity with the urban renewal plan.

(d) Any instrument executed by the municipality and purporting to convey any right, title or interest in any property under this appendix shall be conclusively presumed to have been executed in compliance with the provisions of this appendix insofar as title or other interest of any bona fide purchaser, lessees or transferees of such property is concerned.

Section A1-107. Eminent Domain.

Condemnation of land or property under the provisions of this appendix shall be in accordance with the procedure provided in the Real Property Article of the Code.

Section A1-108. Encouragement of Private Enterprise.

The municipality, to the greatest extent it determines to be feasible in carrying out the provisions of this appendix, shall afford maximum opportunity, consistent with the sound needs of the municipality as a whole, to the rehabilitation or redevelopment of any urban renewal area by private enterprise. The municipality shall give consideration to this objective in exercising its powers under this appendix.

Section A1-109. General Obligation Bonds.

For the purpose of financing and carrying out of an urban renewal project and related activities, the municipality may issue and sell its general obligation bonds. Any bonds issued by the municipality pursuant to this section shall be issued in the manner and within the limitations prescribed by applicable law for the issuance and authorizations of general obligation bonds by such municipality, and also within such limitations as shall be determined by said municipality.

Section A1–110. Revenue Bonds.

(a) In addition to the authority conferred by Section A1–109 of this appendix, the municipality shall have the power to issue revenue bonds to finance the undertaking of any urban renewal project and related activities, and shall also have power to issue refunding bonds for the payment or retirement of such bonds previously issued by it. Such bonds shall be made payable, as to both principal and interest, solely from the income, proceeds, revenues, and funds of the municipality derived from or held in connection with its undertaking and carrying out of urban renewal projects under this appendix; provided, however, that payment of such bonds, both as to principal and interest, may be further secured by a pledge of any loan, grant or contribution from the Federal Government or other source, in aid of any urban renewal projects of the municipality under this appendix, and by a mortgage of any such urban renewal projects, or any part thereof, title to which is in the municipality. In addition, the municipality may enter into an Indenture of Trust with any private banking institution of this State having trust powers and may make in such indenture of trust such covenants and commitments as may be required by any purchaser for the adequate security of said bonds.

(b) Bonds issued under this section shall not constitute an indebtedness within the meaning of any constitutional or statutory debt limitation or restriction, shall not be subject to the provisions of any other law or charter relating to the authorization, issuance or sale of bonds, and are hereby specifically exempted from the restrictions contained in Sections 9, 10 and 11 of Article 31 of the Annotated Code of Maryland (1957 Edition, as amended). Bonds issued under the provisions of this Article are declared to be issued for an essential public and governmental purpose and, together with interest thereon and income therefrom, shall be exempted from all taxes.

(c) Bonds issued under this section shall be authorized by resolution or ordinance of the legislative body of the municipality and may be issued in one or more series and shall bear such date or dates, shall mature at such time or times, bear interest at such rate or rates, not exceeding six per centum per annum, be in such denomination or denominations, be in such form either with or without coupon or registered, carry such conversion or registration privileges, have such rank or priority, be executed in such manner, be payable in such medium or payment, at such place or places, and be subject to such terms of redemption (with or without premium), be secured in such manner, and have such other characteristics, as may be provided by such resolution or trust indenture or mortgage issued pursuant thereto.

(d) Such bonds may be sold at not less than par at public sales held after notice published prior to such sale in a newspaper having a general circulation in the area in which the municipality is located and in such other medium of publication as the municipality may determine or may be exchanged for other bonds on the basis of par; provided, that such bonds may be sold to the Federal Government at private sale at not less than par, and, in the event less than all of the authorized principal amount of such bonds is sold to the Federal Government, the balance may be sold at private sale at not less than par at an interest cost to the municipality of not to exceed the interest cost to the municipality of the portion of the bonds sold to the Federal Government.

(e) In case any of the public officials of the municipality whose signatures appear on any bonds or coupons issued under this appendix shall cease to be such officials before the delivery of such bond or, in the event any such officials shall have become such after the date of issue thereof, said bonds shall nevertheless be valid and binding obligations of said municipality in accordance with their terms. Any provision of any law to the contrary notwithstanding, any bonds issued pursuant to this appendix shall be fully negotiable.

(f) In any suit, action or proceeding involving the validity or enforceability of any bond issued under this appendix or the security therefor, any such bond reciting in substance that it has been issued by the municipality in connection with an urban renewal project, as herein defined, shall be conclusively deemed to have been issued for such purpose and such project shall be conclusively deemed to have been planned, located and carried out in accordance with the provisions of this appendix.

(g) All banks, trust companies, bankers, savings banks and institutions, building and loan associations, savings and loan associations, investment companies and other persons carrying on a banking or investment business; all insurance companies, insurance associations, and other persons carrying on an insurance business; and all executors, administrators, curators, trustees, and other fiduciaries, may legally invest any sinking funds, monies, or other funds belonging to them or within their control in any bonds or other obligations issued by the municipality pursuant to this appendix, provided that such bonds and other obligations shall be secured by an agreement between the issuer and the Federal Government in which the issuer agrees to borrow from the Federal Government and the Federal Government agrees to lend to the issuer, prior to the maturity of such bonds or other obligations, monies in an amount which (together with any other monies irrevocably committed to the payment of principal and interest on such bonds or other obligations) will suffice to pay the principal of such bonds or other obligations with interest to maturity thereon, which monies under the terms of said agreement are required to be used for the purpose of paying the principal of and the interest on such bonds or other obligations at their maturity. Such bonds and other obligations shall be authorized security for all public deposits. It is the purpose of this section to authorize any persons, political subdivisions and officers, public or private, to use any funds owned or controlled by them for the purchase of any such bonds or other obligations. Nothing contained in this section with regard to legal investments shall be construed as relieving any person of any duty of exercising reasonable care in selecting securities.

Section A1-111. Separability.

If any provision of this appendix, or the application thereof to any person or circumstances, is held invalid, the remainder of the appendix and the application of such provision to persons or circumstances other than those as to which it is held invalid, shall not be affected thereby. The powers conferred by this appendix shall be in addition and supplemental to the powers conferred by any other law.

Section A1-112. Short Title.

This Act shall be known and may be cited as the Bel Air Urban Renewal Authority for Slum Clearance Act.

Section A1-113. Authority to Amend or Repeal.
